Weldin Road West of Delwood Road and Carruthers Lane Closed as part of the Blue Ball Properties Improvements Project

Wilmington – The Delaware Department of Transportation (DelDOT) will close Carruthers Lane and Weldin Road west of Delwood Road on December 7 as part of the Eastside Improvements Contract (#23-106-05) of the Blue Ball Properties Project.

The road closure is scheduled to occur on or about Wednesday morning, December 7 and will remain closed for approximately 299 days or until the completion of this phase of the project.

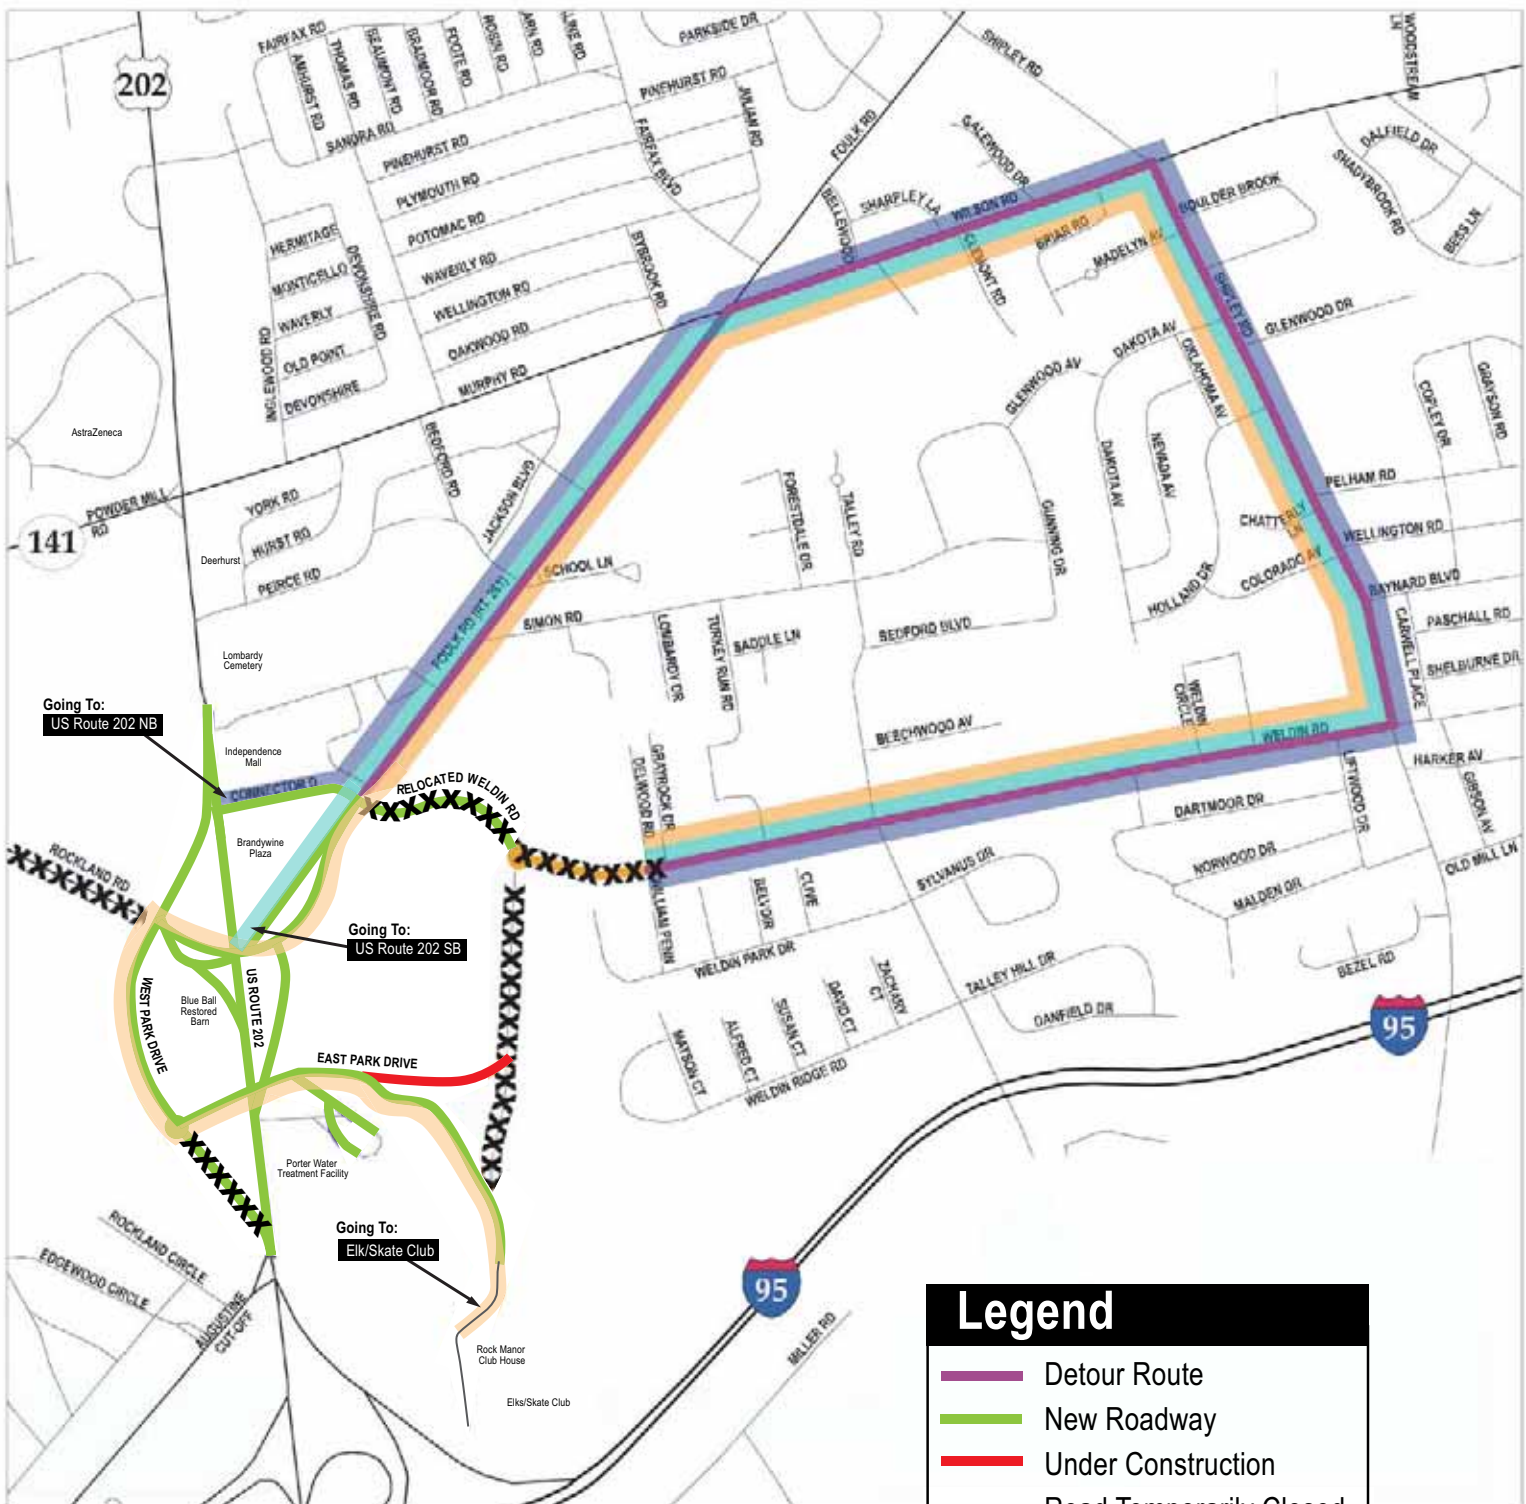

Improvements during this phase of the project will include:

- East Park Drive from the new reservoir driveway to Weldin Road intersection and the roundabout
- Weldin Road from East of Matson Run to West of the Roundabout
- Stormwater management facilities along Matson Run
- Greenway and bike/pedestrian paths along relocated Weldin Road and from East Park Drive, crossing to and along the west side of Matson Run
- Carruthers Lane to the connection with East Park Drive
- Four structures, including two golf cart underpasses, one greenway and golf cart bridge on East Park Drive, and a drainage structure on Weldin Road at the Matson Run crossing
- Construction of portions of East Park recreation area

Traffic normally traveling along Carruthers Lane to and from the Rock Manor Golf Course, the Elks Lodge and the Wilmington Skating Club will be redirected by way of the newly constructed East Park Drive under US202. Traffic connecting Weldin Road west of Delwood Road to either Foulk Road or US 202 will have to determine an alternate route. Detour signage will be posted in the area.

Motorists are advised to avoid the vicinity if possible and to determine a detour route in advance. For further information, and a detailed detour route map, consult the Blue Ball Properties Web-site at: www.Blueball.net or call Public Relations at 1-800-652-5600 or 302-760-2080
